### Profile

Established in 1990, NCR Industrial became a professional manufacturer and exporter of Auto parts and electronics.

NCR owns three factories to make relays, motors, and other accessories. It owns 20,000m<sup>2</sup> workshop and 360 skilled workers. The annual production output amount reached \$12 million in 2008.

Based on ISO 9001 quality control system as our production standard, we are generous in the investment of R&D Department. With the help of technical system, our prototyping is rapid and of high quality.

With the development of Sales Department, we have built up a world wide Sales Net. We supply some of our products to OEM factory in China, 55% of our products are exported to overseas markets, such as Europe, North America, South America, Middle east and South-east Asia.

“Trust is no boundary, friendship is no border” We are seeking Agents, more chances of cooperation, purchasing order and R&D and OEM projects. We would like to establish and develop pleasant cooperation relationship with all our friends and customers for mutual benefits.
